Course Learning Outcomes

Knowledge:

- Identify potential avenues for publication of research.

Application:

- Finalize your research poster presentation.
- Finalize a research paper for potential publication.
- Create an oral presentation of your research project and results.

Integration:

- Present your research findings in a public forum.

Human Dimension:

- Offer constructive feedback to other researchers.

Caring - Civic Learning:

- Mentor a first-year research student.

Learning How to Learn:

- Reflect on your research and identify areas of improvement.
