

AUD 260 - AUDIO TECH INTERNSHIP

- Direct/regulate their own learning.
- Learn through collaboration.

Course Description

This course is required for the Associate of Applied Science degree in Audio Technology. The purpose of the internship is to provide on-the-job experience for the student who wishes to pursue a career in audio related fields. The internship will be customized to meet the learning needs of the student and the job requirements of the sponsoring firms. Students must apply one month prior to the semester in which they will complete the internship. Group 2 course.
