

HNR 293 - NURSING STUDY ABROAD

Course Description

In this class, students are provided the opportunity to travel to a specified destination affiliated with the corresponding nursing non-trip course.

This course will serve to integrate the student learning experience and provide a sense of cultural perspective, diversity and regional awareness.

The course is an opportunity for students to explore other areas around the world while applying discipline-specific course content. For a more specific course description, please review the course description of the associated non-trip course. Group 2 course.
