Required Prerequisites

All prerequisites for all GLMA courses are satisfied by following the approved Course Sequence Guide and any deviation from this guide needs to be approved by the cadet's adviser.

Course Learning Outcomes

Knowledge:

- Describe the function and structure of the human body.
- Describe the toxicological hazards they will encounter onboard a modern merchant vessel.

Application:

- Examine a shipmate to determine injuries; spinal, burn, bone fractures, pharmacology issues and cardiac arrest.

Integration:

- Take immediate action upon encountering an accident or other medical emergency.
- Assess medical situations to determine the appropriate course of action.

Human Dimension:

- Come to see themselves as first responders onboard a merchant vessel.
- See themselves as a person who can render immediate aid to an injured shipmate.

Caring - Civic Learning:

- Develop a sense of the broad responsibilities of a licensed officer including delivering immediate first aid.

Learning How to Learn:

- Demonstrate the STCW Code Knowledge, Understanding and Proficiencies (KUPs) for Medical First Aid Provider.
- Demonstrate the STCW Code KUPs for Officer in Charge of a Navigation Watch: 14.1, 16.1.
