MFG 290 - MANUFACTURING TECH INTERNSHIP

Course Description

The purpose of the internship is to provide on-the-job training for the student who wishes to pursue a career in a technical field of study. The internship will be customized to meet the learning needs of the student and the job requirements of the sponsoring firm. Students spend 10-15 hours per week in this paid, supervised on-the-job training experience. In addition to the required 50 hours per credit in a work site, students participate in semi-monthly seminars. Students must apply one month prior to the semester in which they will complete the internship. Group 2 course.

Credit Hours

2-4

Contact Hours

2-4

Recitation Hours

2-4

Required Prerequisites

30 credits of program specific courses with a GPA of 2.0 or higher.
