# CONSTRUCTION TECHNOLOGY - CONSTRUCTION MANAGEMENT, ASSOCIATE IN APPLIED SCIENCE DEGREE

#### NMC Code 368

The Construction Management program provides graduates with the technical and managerial skills needed in today's commercial and residential construction industry; from the planning stage with architects and engineers, to the budgeting stage with cost estimators, to the production stage with laborers. Construction managers also obtain work permits, hire contractors, troubleshoot emergencies, schedule walkthroughs and keep clients informed on work timetables and progress.

Students are prepared for the management responsibilities they will face on the job, creating an opportunity to move into supervision and construction management. Information: (231) 995-2803.

Within this degree students will have the opportunity to earn the following: Residential Builder and Remodelers License.

### Requirements Major Requirements

Course	Title	Credits	
General Education Requirements			
ENG 111	English Composition	4	
BUS 231	Professional Communications	3	
Any Group 1 Humanities course		3	
Math Competency <sup>1</sup>			
PHY 105	Physics of the World Around Us	4	
ECO 201	Principles of Macroeconomics	3	
Business Management Requirements			
CIT 100	Computers in Business-An Intro	3	
CMT 107	Construction Supervision	4	
CMT 207	Construction Cost Estimating	3	
COM 111	Public Speaking	4	
MGT 241	Principles of Management	3	
MKT 201	Principles of Marketing	3	
Construction Technology Certificate			
Completion of any Construction Technology Certificate <sup>2</sup>		23-28	
Total Credits		60-65
